Directions for CrisisGo Parent/Guardian Accounts

1 message

████████████████████████████████████   Tue, Sep 7, 2021 at 1:30 PM

The Princeton Public Schools welcomes our students and families back to school and we extend a warm welcome all new families to the PPS community!

During the past year, we heard concerns about the COVID symptom screening process that was in place. In order to make this process easier and ensure that each student has a completed screening before the start of each school day, we are excited to announce the roll-out of the CrisisGo program which will be our tool for symptom screening this year.

Here are the benefits to moving to this program for our symptom screening:

- You can download the CrisisGo app on your phone <u>or</u> click on the link in the daily email sent at 6:00 A.M.

- If you have more than one child, they all appear in the app.

- If your child does not have symptoms, you will click 'no' and go directly to the next section instead of clicking 'no' for each symptom. An additional screen will appear if you click 'yes' so you can indicate the symptoms your child is experiencing.

- PHS students can download the app on their phone, complete the screening and show their phone on the way into school each day.
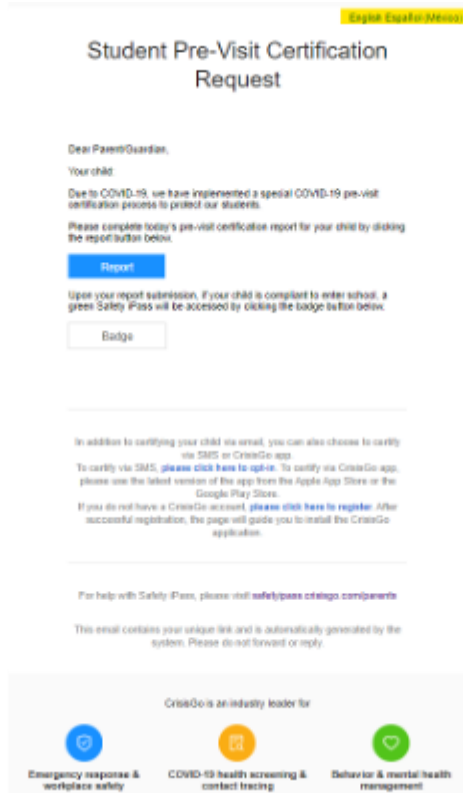

Please see below for directions on how to download the app and complete the screening.

Instructions

If you experience any difficulty getting access to the app or completing the screening, please send an email to the Parent Help Desk: phd@princetonk12.org.

We want to thank our families for helping to keep our school community safe!

Guardian - Select Default Language for Safety iPass Notifications

Student Pre-Visit Certification Request

Dear Parent/Guardian,

Your child

Due to COVID-19, we have implemented a special COVID-19 pre-visit certification process to protect our students.

Please complete today's pre-visit certification report for your child by clicking the report button below.

Report

Upon your report submission, if your child is compliant to enter school, a green Safety iPass will be accessed by clicking the badge button below.

Badge

In addition to certifying your child via email, you can also choose to certify via SMS or CrisisGo app.

To certify via SMS, please click here to opt-in. To certify via CrisisGo app, please use the latest version of the app from the Apple App Store or the Google Play Store.

If you do not have a CrisisGo account, please click here to register. After successful registration, the page will guide you to install the CrisisGo application.

For help with Safety iPass, please visit safetyipass.crisisgo.com/parents

This email contains your unique link and is automatically generated by the system. Please do not forward or reply.

CrisisGo is an industry leader for

Emergency response & workplace safety | COVID-19 health screening & contact tracing | Behavior & mental health management

---

At any time, the default language for daily emails and certification questions can be translated between English and Spanish. To update the default language, follow these instructions:

1. Open a CrisisGo daily certification email
2. Near the top right corner, select the language that you would like daily emails and certification questions to be delivered
3. From that day on, the daily certification information will be delivered in the selected language. The default language can be updated as often as needed.

CrisisGo's Training Video for Default Languages: Safety iPass Parent Certification, please fast forward to the 3:23 mark on the training video for specific information about updating the default language delivery.

(The training video is a tad outdated with default language selection showing at the bottom of the email. It will be the same process, but the default language is now selected near the top of the email)

Guardian - Certify by Email

At 6:00 AM you'll receive an e-mail from CrisisGo with the subject heading "Princeton Public Schools Student Pre-Visit Self-Certification Request." Click on the "Report" button in the e-mail to complete your certification.

If there is a second guardian listed: If the primary guardian does not certify within 30 minutes of the initial email notification, the secondary guardian will receive an email notification. Either guardian may complete and submit the survey for their child.

Student Pre-Visit Certification Request

Dear Parent/Guardian,

Your child:

Due to COVID-19, we have implemented a special COVID-19 pre-visit certification process to protect our students.

Please complete today's pre-visit certification report for your child by clicking the report button below.

Report

Upon your report submission, if your child is compliant to enter school, a green Safety iPass will be accessed by clicking the badge button below.

Badge

In addition to certifying your child via email, you can also choose to certify via SMS or CrisisGo app.
To certify via SMS, please click here to opt-in. To certify via CrisisGo app, please use the latest version of the app from the Apple App Store or the Google Play Store.
If you do not have a CrisisGo account, please click here to register. After successful registration, the page will guide you to install the CrisisGo application.

CrisisGo is an industry leader for

Emergency response & workplace safety

COVID-19 health screening & contact tracing

Behavior & mental health management

Within the email, you can:

- Select Report to certify your child
- Select Badge to show your child's daily certification badge

You may return to any CrisisGo certification email to certify your child for the day and show their badge.

Every night badge information is reset to Uncertified.

Training Video: Guardians - Pre-Certify Child(ren) - Begins by showing how to certify with email notifications

Guardian - Certify by Mobile Device - initial login only

Training Video: https://trainingcg.s3.amazonaws.com/Safety+iPass/Safety+iPass_Parent+Certification_K12.mp4

Guardians/Parents must receive at least one email to claim their account with CrisisGo

1. In any email notification for daily certification, parents may find the 'Please click here to register' button near the bottom of the email to claim their free account with CrisisGo
    a. If both guardians would like to claim their accounts, the primary guardian should wait to certify the child at least 30 minutes so that they secondary guardian has the email notification

Student Pre-Visit Certification Request

Dear Parent/Guardian,

Your child:

Due to COVID-19, we have implemented a special COVID-19 pre-visit certification process to protect our students.

Please complete today's pre-visit certification report for your child by clicking the report button below.

Report

Upon your report submission, if your child is compliant to enter school, a green Safety iPass will be accessed by clicking the badge button below.

Guardian - Certify by Mobile

1. Complete your daily self-certification through the app
   a. Once logged into the app, click on the middle icon at the bottom of the screen called "iPass."
   b. Then click on "Certify My Child"
   c. Complete the survey and submit!
2. Viewing You Child's Safety iPass Badge
   a. Once logged into the app, click on the middle icon at the bottom of the screen called "iPass."
   b. Then click on "Certify My Child"
   c. Your child's Safety iPass badge will look like something similar to the image at right, displaying your child's name, the time you submitted the certification, your child's unique QR code, and whether your child is approved to come into a building that day. IMPORTANT NOTE: The only color badge that will permit entry to the campus is the Green badge.
      1. **Green** = Entry, Allow Campus entry
      2. **Purple** = Sick, Denied Campus entry
      3. **Yellow** = Quarantine, Denied Campus entry
      4. **Red** = Isolation, Denied Campus entry, placed in Isolation for a determined period of time
      5. **Blue** = Remote, Denied Campus entry
      6. **Gray** = Uncertified (you haven't yet completed the daily survey), Denied Campus entry

¡Las Escuelas Públicas de Princeton les dan la bienvenida a nuestros estudiantes y sus familias de regreso a la escuela y la más cálida bienvenida a todas las familias nuevas a la comunidad de PPS!

Durante el año pasado, recibimos las preocupaciones sobre el proceso de detección de síntomas de COVID que estaba en marcha. Para facilitar este proceso y asegurarnos de que cada estudiante tenga una evaluación completa antes del inicio de cada día escolar, nos complace anunciar el lanzamiento del programa CrisisGo, que será nuestra herramienta para la detección de síntomas este año.

Estos son los beneficios de pasar a nuestro programa de detección de síntomas:

- Puede descargar la aplicación CrisisGo en su teléfono o hacer clic en el enlace en el correo electrónico diario enviado a las 6:00 a.m.
- Si tiene más de un hijo, todos aparecen en la aplicación.
- Si su hijo no tiene síntomas, hará clic en "no" y pasará directamente a la siguiente sección en lugar de hacer clic en "no" para cada síntoma. Si hace clic en 'sí' aparecerá una pantalla adicional para que pueda indicar los síntomas que está experimentando su hijo.
- Los estudiantes de PHS pueden descargar la aplicación en su teléfono, completar la proyección y mostrar su teléfono en camino a la escuela todos los días.

A continuación, verá las instrucciones sobre cómo descargar la aplicación y completar la proyección.

Instrucciones

Por favor si tiene alguna dificultad para acceder a la aplicación o para completar la evaluación, envíe un correo electrónico a Parent Help Desk:phd@princetonk12.org.

¡Queremos agradecer a nuestras familias por ayudar a mantener segura nuestra comunidad escolar!

Guardián - Seleccione el idioma predeterminado para las notificaciones de seguridad de iPass

En cualquier momento, el idioma predeterminado para los correos electrónicos diarios y las preguntas de certificación serán traducidas del inglés al español. Para actualizar el idioma predeterminado, siga estas instrucciones:

1. Abra el correo electrónico de certificación diario de CrisisGo
2. Cerca de la esquina superior derecha, seleccione el idioma en el que desea que se envíen los correos electrónicos diarios y las preguntas de certificación.
3. A partir de ese día, la información de la certificación diaria se entregará en el idioma seleccionado. El idioma predeterminado se puede actualizar tantas veces como sea necesario.

Video de capacitación de CrisisGo para idiomas predeterminados: Certificación de seguridad iPass para padres, avance hasta el minuto 3:23 en el video de capacitación para obtener información específica sobre cómo actualizar el idioma predeterminado.

(El video de capacitación está un poco desactualizado y la selección de idioma predeterminada se muestra en la parte inferior del correo electrónico. Será el mismo proceso, pero el idioma predeterminado ahora se selecciona cerca de la parte superior del correo electrónico).

Guardián – Certificación por correo electrónico

A las 6:00 a.m. recibirá un correo electrónico de CrisisGo con el tema "Solicitud de autocertificación previa a la visita para estudiantes de las Escuelas Públicas de Princeton". Haga clic en el botón "Reporte" del correo electrónico para completar su certificación.

En caso haya un segundo guardián en la lista: Si el guardián principal no certifica dentro de los 30 minutos posteriores a la notificación inicial por correo electrónico, el guardián secundario recibirá una notificación por correo electrónico. Cualquiera de los guardianes podrán completar y enviar la encuesta para su hijo.

Dentro del correo electrónico podrá:

- Seleccionar "Reporte" para certificar a su hijo
- Seleccionar "Insignia" para mostrar la insignia de certificación diaria de su hijo

Podrá regresar a cualquier correo electrónico de certificación CrisisGo para certificar a su hijo y mostrar su insignia.

Cada noche, la información de la insignia se restablecerá a Sin certificar.

Video de entrenamiento: Video de Pre-Certificación de niños - Comienza mostrando cómo certificar a través de notificaciones por correo electrónico.

Guardián - Certificación por Dispositivo Móvil - solo inicio de sesión inicial

Video de entrenamiento: https://trainingcg.s3.amazonaws.com/Safety+iPass/Safety+iPass_Parent+Certification_K12.mp4

Los tutores/padres deberán recibir al menos un correo electrónico para reclamar su cuenta con CrisisGo

1. En cualquier notificación por correo electrónico para la certificación diaria, los padres podrán encontrar el botón "Haga clic aquí para registrarse" cerca de la parte inferior del correo electrónico para reclamar su cuenta gratuita con CrisisGo.
    a. Si ambos guardianes desean reclamar sus cuentas el tutor principal deberá esperar 30 minutos para certificar al niño de esa forma el tutor secundario recibirá la notificación por correo electrónico
